

## Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) is a new European Union regulation that governs the production and use of chemical substances, and their potential impacts on both human health and the environment and requires that these substances be registered with ECHA (European Chemicals Agency).

Brookfield Engineering Laboratories has pre-registered the following viscosity standards in accordance with this the REACH regulation:

<i>Chemical Name</i>	<i>CAS #</i>	<i>Registration Date</i>	<i>Pre-registration submission #</i>
<b>Silicone (cp):</b> 5, 10, 50, 100, 500, 1000, 5000, 12500, 30000, 60000, 100000, HT 30000, HT 60000, HT 100000	63148-62-9	3-Sep-2008	GH188657-24
